KEY ASPECTS OF NATURAL LAW

1. Love & Truth are synonymous terms.
2. Authority is an illusion and will always lead to slavery. Natural law is not man-made. No person or entity should infringe on another's rights.
3. Fear is an illusion and will keep you permanently imprisoned if the illusion is not recognized.
4. There are immutable karmic consequences to not following Natural Law.
5. Each adult person is responsible and accountable for self.
6. **We are sacred, divine, eternal** energy having a human experience and must **embody our divine masculine and feminine** with authenticity and balance.
7. **Trying to escape** or avoid Love/Truth will always lead to suffering.
8. We are **collectively manifesting** our reality. We must collectively **oppose evil**.
9. **Do not lie** to yourself or others. Lying to others is stealing their ability to discern the Truth and **never steal** anything from another, including property, physical well-being, and sexual contact.
10. **Never harm or commit an act of violence** against another. Self-defense is not violence.
11. **Your Inherent Rights** (to live freely as long as you are not in violation of Natural Law) are never to be surrendered or should never be allowed to be taken away by any person or entity.
-  12. **Learn and unlearn what is necessary** using methodologies like the Trivium and the foundational Hermetic Principles as a guide.
13. **Research etymology and symbols** to further your understanding of the world and control systems around you.
14. **Understand the real law of attraction** and do the Great Work. Do what is right and abandon moral relativism.
15. You are **Divine By Design** and this must be recognized, embraced, and acted upon. "To know and not to act is not to know." - Wang Yangming

What is Learning?

- ❖ the acquisition of knowledge or skills through experience, study, or by being taught
- ❖ the activity of obtaining knowledge or a piece of information

Common Methods of Learning New Information

Visual	Introspection
Auditory	Interpersonal Relationships
Reading & Writing	Observation
Tactile (our senses)	Spiritual Guidance

Learning Is More Than Memorization...
It Is Embodiment Of The New Information

Anthony J. D'Angelo
QUOTE

“Develop a passion for learning. If you do, you will never cease to **GROW.”**

What is Unlearning?

- ❖ the process through which we break down the origins of our thoughts, attitudes, behaviors, feelings, and biases
- ❖ it starts with questioning EVERYTHING

 **You Have To Question Everything & Be Willing To Accept The Answers**

ASK YOURSELF

- Where did this belief come from?
- Is this belief supported by my observations and experiences?
- Is this belief in alignment with the highest version of myself?
- Does this belief align with Natural Law?

Challenge Yourself In Every Moment To UNLEARN...
Unlearning is just as important as learning, if not more important

Srishti Gupta
QUOTE

**“Any change starts from
UNLEARNING what you
already know.”**

**Are Your
READY To
Challenge
Your
Beliefs?**

Do We “Know” Just Because Someone Told Us So?

- The belief in religion
- The belief in authority and government
- The belief in moral relativism
- The belief in money
- The belief in countries/nations
- The belief in our spiritual and physical limitations
- The belief in hierarchy
- The belief in the traditional education model

We Must **RELEASE** Our False Beliefs To Expand Our Knowledge & Live In **TRUTH**

People often hold onto beliefs that at some level they know are false because they cannot deal with the widespread ramifications of admitting that they have invested so much of their identity, life purpose, life work, and morals on a LIE.

Consciously recognizing the lie would cause them to have to rebuild the entire foundation of their life. Many are simply unwilling to go through the pain of this transformative process.

Unlearning is
necessary for us to
truly align with **TRUTH**
and **FREEDOM**.

How can we grow beyond where we are, if we limit our knowledge to that which we already “know”?

You Can Use The Trivium Method To Challenge Your Beliefs

Personal growth is not a matter of learning new information but of unlearning old limits.

What is The Trivium Method?

TRIVIUM

1	Input (Grammar, Knowledge)	Gathering data from an eclectic array of sources <i>without</i> pre-judging it	Answers <i>Who?, What?, When?, & Where?</i> (raw data)
2	Processing (Logic, Understanding)	Comprised of 3 basic sub-steps: Filtration, Correlation, & Analysis (Quadrivium largely utilized here)	Enables us to learn <i>Why?</i> (What is the reason, meaning, or purpose?)
3	Output (Rhetoric, Wisdom)	Speech and action based upon the knowledge that one has gathered and understands	This is <i>How</i> Knowledge and Understanding are propagated so that real and positive change can be created

LAWS OF THIS
REALM**

7 HERMETIC PRINCIPLES

1. THE PRINCIPLE OF MENTALISM
ALL IS MIND, THE UNIVERSE IS MENTAL

2. THE PRINCIPLE OF CORRESPONDENCE
AS WITHIN, SO WITHOUT

3. THE PRINCIPLE OF VIBRATION
NOTHING RESTS, EVERYTHING MOVES, EVERYTHING VIBRATES

4. THE PRINCIPLE OF POLARITY
EVERYTHING HAS ITS OPPOSITE, IDENTICAL IN NATURE

5. THE PRINCIPLE OF RHYTHM
ALL THINGS RISE AND FALL

6. THE PRINCIPLE OF CAUSE AND EFFECT
CHANCE IS NOT BUT A NAME

7. THE PRINCIPLE OF GENDER
EVERYTHING CONTAINS MASCULINE AND FEMININE PRINCIPLES

THE 8TH PRINCIPLE

The “**LOST**” **PRINCIPLE**, is the dynamic of **CARE**. What we care about on a day-to-day basis acts as the driving force of our thoughts and actions. Therefore, Care can be seen as the ultimate **Generator** of the quality of our experience. This Principle has been often been referred to as the **Generative Principle**. The word *generative* is derived from the Latin verb *genere*, which means “*to create.*”

What Do We Need To Focus On When Learning New Information?

- ❖ Approach the subject matter with an open mind.
- ❖ Study multiple viewpoints, including ones you may disagree with to start.
- ❖ Test the information using the Trivium Method, contemplation, observing nature, and how it resonates with your spirit.
- ❖ Allow yourself to admit when you are “wrong” and release beliefs that no longer stand TRUE after deeper examination.
- ❖ Embodiment of the Knowledge and Truth you acquire. Action based on Knowledge and Truth is **Wisdom**.

It is through **WISDOM** that we will change ourselves and change the world.

Half of wisdom is learning what to unlearn.

Larry Niven

quozfancy

It's okay to be wrong, but it's **NOT OKAY** to be unwilling to admit it.

It is not hard to learn more. What is hard is to unlearn when you discover yourself wrong.

Martin H. Fischer

How do we incorporate what we learn and continue to learn in our everyday lives?

We Cannot Compromise Our Commitment to TRUTH

- ❖ We have to start acting on the knowledge we have.
- ❖ Be courageous and stay in Truth even if you have to stand alone.
- ❖ Utilize practices that will help you embody the knowledge you have (meditation, breath work, grounding, contemplation, being of service to others, connecting with nature)
- ❖ Live within the framework of Natural Law. Do no harm onto others.

“To learn and not to do is really not to learn. To know and not to do is really not to know.” - Stephen R. Covey

The UnLearning

I became increasingly vexed
as slippery gargoyles trample budding roses and yellow day lilies.
My ability to accept this incongruent concept of unLearning
starts a centrifuge, as my doubt & insecurity rise to the outer layer.
As myth, as indiscretion, as celebrity burns our castles of Truth
and our havens of Knowledge, barbarians of mass production
bury our babies alive and replace them with drones.
Clones built in memoriam to Beauty.

And now my lone voice screams into a vacuum of noise that is so loud
it has demanded deafness of us all.
The warriors of materialism launch grenades
and take aim at the leafy green vim
I've been tending in my modest little garden.

Surrounded by a trained army of rehearsed chaos
I am backed into oblivion and isolation
All to ensure
that the
unLearning
may not begin.
